One for roads.

Real racing requires a different sort of machine. And no one is better equipped to provide it than Raleigh with its long tradition of winning competition all over the world. Here's a new Record 24, which is a scaled down version of a popular adult racer. It's the one racer not-so-grown up racers don't have to grow up for.

One for loads.

The Sprite — one of the spirited Raleigh touring bicycles — is built for effortless bicycling. Rugged enough to take

back-packing trips or a sack of daily papers without straining. Choice of 5 or 10 speeds, the Sprite comes equipped with rear carrier and comfortable spring mattress saddle, plus self-adjusting brakes.

Your Raleigh dealer has lots of other possibilities.

See him and the 73 Raleigh cycles. If you'd like to see a preview, send 25¢ for our new catalog.

We'll train you in your spare time for an exciting Outdoor Career

Thousands of jobs will be opening up in wildlife management, parks and outdoor recreation, forestry, etc.

Why spend the best days of your life watching a time clock in an office, store or factory — when you may be able to qualify for one of the thousands of new jobs that are coming up in the great outdoors because of concern for conservation and ecology?

Instead of getting paid for work you'll enjoy

Don't settle for only "seasonal" hunting, fishing and boating time. Live and work right next to nature — in real-time conservation and outdoor recreation — there are new openings in State and National Parks, the forest industry, game refuge and preserves, game hunting and fishing clubs and recreational facilities.

Here's how you can qualify — Start now!

The National School of Conservation will help you prepare at home, in your spare time, for an exciting outdoor opportunity. This accelerated training program has been created by experts in the field of conservation. These men have years of on-the-job experience — and they share it with you, through every step of your training. You can even keep your present job as you learn at home — working at your own pace. National School of Conservation is America's oldest established and accredited home-based conservation school — give them a try in capsule form. When you graduate, National School will assist you in contacting public and private conservation organizations and help you explore available job openings.

a great environment!

You can earn a good living, with conservation

possibilities and enjoy a life of adventure and excitement. As a bonus, when you include uniform allowances, housing allowances, pension plans, vacations with pay — and your paycheck comes through regularly — no good times or bad.

You only pay once — make it a life of adventure

The man who wears the insignia of a Forestry, conservation, wildlife or park agency is a man of action called upon to rescue people in danger... to enforce our laws and protect our wildlife... to direct citizens in time of emergency... even lead fire fighting crews. What's more, the government has the satisfaction of knowing that he is serving his country — safeguarding our forests, parks, ranges and wildlife. Future generations will be grateful to him for preserving the natural beauty of our American heritage.
